### **An Interior Like No Other**

The C-Class features a remarkably stylish interior with an assortment of high quality interior trims and a wide range of available upholsteries that range from ARTICO man-made leather to the very luxurious *designo* Nappa Leather options.

### **Style and Utility**

The mid-size premium sedan and wagon feature inspiring design and outstanding driving enjoyment. The C-Class has maximum configuration options between energizing comfort and refined sportiness, with the wagon variant offering the bonus of exceptional utility.

*“The 2016 Mercedes-Benz C-Class is one very charming luxury car; in AMG trim, it's risen above and beyond Bavarian levels of handling. The 2016 Mercedes-Benz C-Class sedan is more beautiful than ever. Redesigned for the 2015 model year, the four-door grew slightly larger, and much more luxurious, ushering in a new era for what's now a mid-size car in the three-pointed-star lineup.” – **The Car Connection***

*“While the S-Class may be the flagship, it is the C-Class that is the cornerstone upon which the passenger car division of Mercedes-Benz is built. The largest volume-selling car in the Three-Pointed Star fleet, the attraction of the C-Class is that it makes Mercedes-Benz quality and build-integrity attainable for the great majority of us who don't have luxury-lined wallets.” – **AutoGuide***

*“The 3 Series probably does the sport thing a little better on those rare occasions where it's really hustled, but the C-Class is still plenty of fun on a good road, and it's easily preferable in daily driving. The C-Class' demeanor is closer to something like a Cadillac ATS, but more refined, not to mention far more luxurious. It truly is a step above the rest.” – **Autoblog***
