# Unique Selling Points

## Mercedes-Benz GLE Coupe

### **Sleek, Sensuous and Self-Confident**

From its wide mesh grille and central Star, to the tensed arch of its roofline and horizontal taillamps, the GLE Coupe is a unique expression of thoroughbred performance.

### **Attention to Detail**

Hand-finished wood, hand-fitted leather upholstery and subtle metallic details define a cabin that's generous with both room and refinement.

*“Stick to the pavement and the GLE Coupe does everything right. Combining an air suspension and an adjustable damper system was pure genius. Nice work, Mercedes. The setup works flawlessly, and the driving modes such as Individual, Comfort, Slippery, Sport, and Sport+ allows you to dial in the powertrain response, steering, and suspension how you like it.” – **Motor Authority***

*“For something that's this swift you'd expect a few compromises on the inside. More road noise, less kit, that sort of thing. But the GLE63 is a proper Mercedes and the company's tipped some of its latest tech inside. – **GQ***

<http://www.gq-magazine.co.uk/article/mercedes-gle-amg>

*“The mad men at Mercedes-AMG have cobbled together the GLE43 coupe as if it were an automotive Frankenstein, with seemingly mismatched parts, styling elements, and performance goodies creating an unexpectedly clever amalgamation. Its fastback roofline, giant air intakes, quad exhaust pipes, and snorting twin-turbocharged engine mask the large, high-riding SUV underneath. Indeed, it's a mixed breed of muscle car and monster truck—a muscle monster, if you will—with both the performance and the compromised practicality one might expect from such a mash-up. – **Car and Driver***
